Detection

Which dogs may benefit from cancer screening using OncoK9®?

All Dogs Age 7 and Older

Older dogs are at higher risk of cancer, regardless of breed. Consider adding OncoK9 to their routine wellness exams.

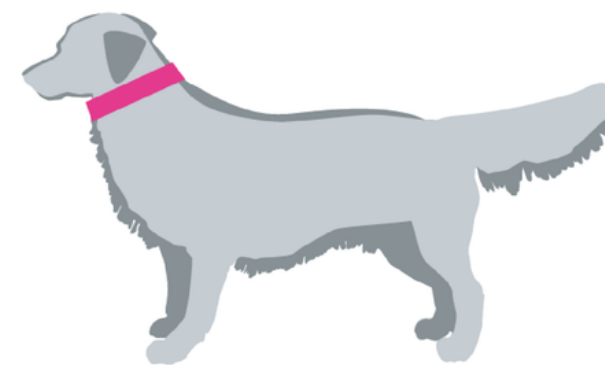

9x Higher Risk
of Cancer
Over Age 7

&

Younger Dogs from Breeds at Higher Risk of Cancer

Certain breeds, listed below, have a higher lifetime risk of cancer and/or have a higher risk of being diagnosed at an earlier age.
